Suggestions **FOR YOUR GARDEN**

by **KELLY BROTHERS**

DEAR FRIEND:

When you receive this letter, we hope real spring weather will be here, and that the heavy snows and severe storms of March, will be forgotten.

Our shipping department is working night and day, sending thousands of orders each day to our customers in all parts of the country. If you haven't already placed your order with us, this is a reminder that the planting season is here, and now is a good time to plant those **FRUIT TREES, SHRUBS and ORNAMENTALS** which will add so much to the beauty and pleasure of your home. Remember, all of the nursery stock we ship is dormant, and the planting season extends up until the first of June.

We list on this folder only a few of the **SEVERAL HUNDRED VARIETIES of TREES, SHRUBS, ROSES, etc.,** that are found in our **NEW 1956 COLOR CATALOG.** We know that these suggestions will help you in your planting.

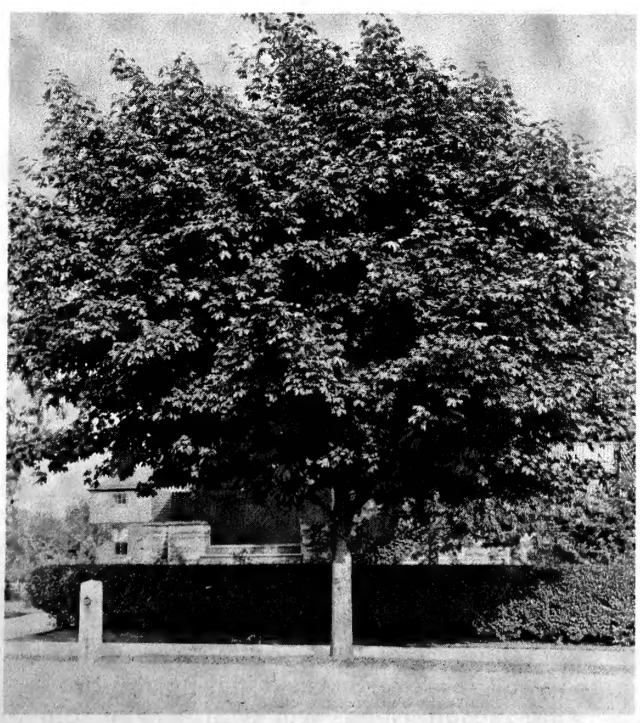

Buy, with confidence, from our firm, which has, through the course of many years, built up a fine reputation for fair dealing by selling **A-1** quality plants at fair prices. We spare no expense in growing and shipping to you only the best that can be grown. Remember, every Kelly plant is **GUARANTEED TO GROW.**

Save money. Order direct from this folder or our complete catalog. We are growers and can save you money by eliminating salesmen and agent commission charges, and know you will be well pleased with our plants.

Very truly yours,

William F. Kelly, Jr.
KELLY BROS. NURSERIES, INC.

P.S.: If you have already sent your order to us, we thank you. Shipment is on the way or will be, in a few days. If you have friends or neighbors who might be interested in gardening, we would appreciate it if you would pass our catalog along to them.

NORWAY MAPLE

Best All Around Shade Tree

Recognized as the finest shade tree for generations. Its dense leaves are a rich green color, and hold on the tree in the fall longer than most Maples.

It is a good tree for street or lawn specimen plantings, where good form and shade are needed. Reaches a height of 30-50 ft.

	Each
4-5 ft.	\$3.50
6-8 ft.	4.50
8-10 ft.	6.50

SAVE MONEY.... BY BUYING DIRECT FROM THE GROWER!

EVERY PLANT IS GUARANTEED TO GROW
We positively Guarantee any nursery stock you purchase from us to grow. All we ask is that you follow the planting instructions mailed with your order, and give the plants good care.

It will be necessary for you to report your losses to us ON OR BEFORE AUGUST 1st, FOLLOWING PLANTING.

We ship only STRONG, HEALTHY STOCK OF THE BEST QUALITY, which makes it possible for us to make such an iron-clad guarantee.

New! CHINESE CHESTNUT

These new blight resistant trees make a fine lawn tree and will bear nuts two years after planting. Are fast growing and the fruit is fully as delicious as the native American Chestnut, slightly larger in size. Grows to 35 ft. tall. Plant two or more trees for pollination.

HYPERICUM HIDCOTE

This beautiful hardy shrub originated in the famous Hidcote Estate in England, and is proving more popular every year.

In the temperate parts of the country from Washington south, it reaches a height of 4-5 feet and is practically evergreen. It may freeze back in the colder parts of the country, but it springs back up again from the base in the spring, reaching 2-3 ft. The bright yellow flowers are produced in profusion during the spring months, and again during the summer. Will make a compact, attractive hedge if planted 18 in. apart.

\$2.00 each; 3 for \$5.50; 6 for \$10.00;
12 for \$18.00; 24 for \$30.00.

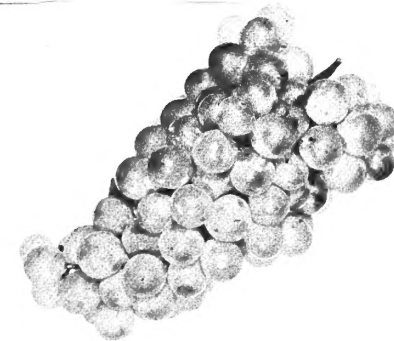

AZALEA MOLLIS

We have imported these from Holland. Large blossoms, blooming in Spring. Fine bushy plants, about a foot tall. They prefer part shade, and do best in soil mixed half and half with peat moss. Roots are very close to the surface, so a peat moss mulch should be kept around the plants after setting out. Grow to 3 ft. Keep well watered. We offer them in the following colors:

RED — ORANGE — YELLOW

GROWERS OF FINE NURSERY STOCK SINCE 1880

Sensational **MORaine LOCUST**

(Plant Patent No. 836)

We are proud to offer this sensational shade tree. It will provide good shade quicker than any tree we know of, and is superior in many ways to other fast growing trees.

The Moraine Locust is hardy and grows successfully on a wide range of soils. Because it is sterile, there are no unsightly seed pods to clutter up the lawn, and its non-fruiting habit also makes for better foliage.

Vase formed in shape, wide spreading when older. Transplants easily. Grows to a height of 25 to 40 ft.

5-6 ft.	\$5.95 Each
6-8 ft.	7.50 Each
